Subject: Letter of resignation.

Dear Sir,

I would like to inform you that I am resigning from my post as IT Officer of Kamrul Group from 22nd August 2021. Appreciate the professional growth opportunities you have given me during my time at Kamrul Group. Thank you for your support and encouragement.

The reason for the resignation is, first of all, that I am not particularly happy with your management. Other than that I am worried about my future career. I did not get the benefit of being a software engineer in your office. I didn't get the environment I needed for my job, which provides another software firm. I am ashamed to say that, you may have to wait up to 1 week to get any small essentials (air freshener, tea pack, tissue, etc.). A kind of lazy nature, can't make any decision, feels stingy to make an urgent decision. I think this kind of management is very harmful to any kind of company. There is no accurate information about the salary, which makes it very difficult to manage my rent and other expenses. And there are many more issues involved.

All in all, I wish your company prosperity. Pray for me and my future career.

Thanks and Best Regards
Minar
